

**EUROPEAN COMMISSION**  
DIRECTORATE-GENERAL FOR AGRICULTURE AND RURAL DEVELOPMENT

The Director-General

Brussels,  
JO/sn/agri.ddg1.b.4(2014)4485741

Dear Mr Choi, Hee-jong,

On 18 February 2014, Korea's National Agricultural Quality Management Service (NAQS) sent in a request to the European Commission for the Republic of Korea to be recognised as equivalent third country for the purpose of organic food production. I can now confirm that the Commission has finalised the examination of your request in accordance with Article 33(2) of Council Regulation (EC) No 834/2007<sup>1</sup>.

Based on this examination, the Commission services confirm that, subject to a final review and agreement by EU Member States, the Korean Organic System complies at this moment with principles and production rules equivalent to those laid down in Regulation (EC) No 834/2007 and that its control measures are of equivalent effectiveness to those laid down in Regulation (EC) No 834/2007.

The recognition of equivalency should only apply to organic processed food products, based on the definition of processed food applicable in the EU.

The recognition of equivalency is subject to the conditions set out in Appendix 1 attached to this letter.

The Commission intends to launch as soon as possible the process of amending Commission Regulation (EC) No 1235/2008 to include the Republic of Korea to the list of recognised third countries in Annex III of that Regulation, for processed products and for three years. A longer recognition should be discussed as soon as possible and could be a subject of future bilateral agreement between the EU and Korea.

Yours sincerely,

Jerzy PLEWA
